To whom it may concern

This is to certify that product coded as **A17 – Calmelon Natural Baby Shampoo and Bath**, was dermatologically tested to claim low irritation potential, by initiating the 21-day Human Repeat Insult Patch Test, Barrier Function Test and the Scarification Test. The clinical testing was conducted from 22 June – 13 July 2021. Thirty-five panelists with sensitive skin category were included in the study.

Statistical data analysis, utilizing the Wilcoxon Signed Ranks on the Primary Irritation Index data proved that product coded as **A17 – Calmelon Natural Baby Shampoo and Bath** passed the 21-Day Human Repeat Insult Patch Test, the Barrier Function Test and Scarification Test and are considered “non-irritant”, safe, mild, and gentle for panelists with sensitive skin.

The product is “Dermatologically tested” as safe to consumers with sensitive skin.
